WAITER/S:

Mattia's Pizza is best served to your guests on a sharing basis!

If the pizza trailer will be set up further from the action, then we highly recommend adding wait staff to your booking to ensure that all of your guests are served pizza!

- **\$35 per hour per waiter** (min. 3 hours)

NOTE:

This is the ONLY catering option we offer for weddings due to the following reasons:

- 1) Our experience has shown that guests are often quite hungry by the time food service begins after being out for a few hours, especially if no other starters have been served beforehand, so the arancini balls are a great (and very tasty!) way to immediately satisfy anyone's hunger.
- 2) Even if you have your own starters or grazing table provided, based on our previous experience it might not be enough and your guests might still be hungry – so arancini balls are a must (to protect us).
- 3) While we can serve a high volume of pizzas in a fast manner, there are only so many pizzas that the oven/s can fit at once and therefore not all of your guests will be able to eat (or feel full) straight away.
- 4) We need to employ additional staff (and source additional ovens if needed) for your wedding to ensure that the pizzas are served as fast as possible to all of your guests and that we are providing a top-quality service that meets the high expectations that come with such a special event!
- 5) Please also note that a travel fee may apply to some events.
